

Retractable Patio Awnings

Designed for durability. Allowing enjoyment in your outdoor space. Providing you with shade on demand.

Bring the shade to your own backyard with an OakTree awning.

OakTree

The Oak Tree **has long been known for its *strength, beauty* and ability to provide soothing comfortable *shade*.**

Imagine yourself on a summer day with a picnic basket sitting under the shade of an old oak tree enjoying its beauty of the day and out of the hot sun.

Wouldn't it be wonderful to enjoy the same in your own backyard?

The Oak Tree
Retractable Awning
System will provide you with same day shade to enjoy those hot summer days.

The OakTree Retractable Awning:

- is custom made to fit your specific needs.
- has a full line of motorized options to make operations even easier.
- is easy to install. It can be mounted on the wall, soffit and the roof.
- has a lifetime warranty on the frame, 7 year warranty on any motorized components and 10 year warranty on fabric cover.
- fabrics are resistant to water and mildew.
- can be mounted to virtually any type of surface; brick, block, siding, stucco and wood.
- can be up to 40 feet wide and can project outward up to 13 feet.

BEFORE

AFTER

The OakTree Retractable Awning:

- will provide hours of endless shade for you and your family.
- provides you with shade on demand. It's as easy as turning a crank or pushing a button. You are in total control as to how much shade you want and when you want it. Motorized units can be programmed to extend when the sun rises and retract when the sun sets.
- is manufactured here in the USA.
- will bring value to your home.
- can protect your indoor furnishings and decrease the inside temperature by blocking the sun from penetrating the glass.
- will allow you and your family to enjoy your outdoor living space more often.
- have a wide selection of acrylic fabrics to choose from in solid and stripe patterns.

The Oak Tree Retractable Awning System will allow you to create a usable outdoor living space on demand.

Sunbrella™ and Tempotest® by Parà allow you to choose from a wide selection of acrylic fabrics in solid and stripe patterns. All fabrics are resistant to water and mildew.

Sunbrella™ and Tempotest® by Parà fabrics have a 10 year warranty.

Quality & Commitment

Shade By Design has over 100 years of combined experience in this industry and expect to be around for another 100 years as our children come into the industry.

All of us at Shade By Design feel that after years
of research that we have developed a unit that is top quality and affordable.
We are also very proud to say that our unit is completely manufactured in the United States.

Our product is designed to be durable.
All frame components are forged heavy duty aluminum with an electrostatic powder coated finish.

It is our company standard to provide you with a quality product that we are proud to put our name on.
